

HUNTER SAFETY CLASS

FOR WOMEN, and BY WOMEN!!

This class is a special weekend class sponsored by the Women In The Outdoors. We will learn about firearm and archery safety, hunting laws in Michigan, and more during this class. Hunter safety classes are required for all new hunters born since 1960, but there are several reasons to take this class even if you don't hunt. If you have a child who plans to hunt with someone else, or firearms present in your home, this class offers important information you need to know to keep both yourself and your family safe. Gain confidence in the classroom, in your home, on the range, and in the field with certified Hunter Safety instructors. Upon successful completion of the course, each participant receives a hunter safety certificate.

This is one of the best classes you can take!

Dates: Saturday November 6th, and Sunday November 7th, 2004
!You are required to attend both days to receive a certificate!

Time: 9am to 4pm both days

Where: William's Gun Sight and Outfitters
7389 Lapeer Rd.
Davison, MI 48423
